

Professor Wang,

I want to begin this letter by acknowledging the beauty of your daughter. In reading the website that tells her story it is clear that she was full of the passion, creativity and curiosity that flourishes at Stamps School of Art & Design. I am thankful for your generosity and moved by the compassionate reason for beginning the travel fund. I feel honored to be given financial assistance from a mother who appreciates the importance of creative expression as well as the importance of having an international experience. As I travel to Europe this summer, I hope you know how thankful I am for your generous travel reward and I will be taking advantage of every second I have to explore. I look forward to sharing my experience in Copenhagen with you and others.

Best,
Laura Desimine
